5334/R/178/R/697/R/1262/R.

R.M File No. 57 of 1938-39. | General and Revenue Secretariat

Serial No. 21

Letter No. C. 1117/39-40, Dated the 20th September 1940,
From the Revenue Commissioner in Mysore.

Furnishing his remarks on the observations of the Director General of Commercial Intelligence and Statistics, Calcutta.

1) The Revenue Commissioner has stated that the figures relating to ~~cattle~~ male buffaloes, horses and mares as given in the consolidated statement are correct for reasons stated and that the figures for tractors will have to be revised on the basis of the information furnished in his un-official reply dated 19-9-40. "M"

(Para 23 supra). The correct total no. of carts is 260809 the revised total no of carts in rural area being 251,2

2) It is seen, on comparing the above figures for Power cane-crushers cane crushers worked by bullocks and tractors, with the corresponding ones given in the consolidated statement that the figures under these heads relating to Bangalore Kolar, Tumkur, Hassan and Mysore Districts will have to be revised (except in case of tractors in Kolar and Hassan Districts).

3) It seems necessary to obtain detailed figures under the above heads for urban and rural areas in case of Kolar, Tumkur and Mysore districts, as well as the details for the 385 Cane crushers worked by bullocks shown against Hassan District.

4) The available information may perhaps be sent to the Residency for being communicated to the Director General of Commercial Intelligence and Statistics.

Submitted with a draft letter for consideration or orders.

30.9.40

5) The Dy. Dy of Agri observed in para 8 of the

W/8-10 number of power crushers for cane

Re: Live Stock Census of the Mysore State for 1940

and hilar for ploughing appeared to be abnormal. The Re was consulted and he has furnished revised figures (Vide para 23 supra) and has incidentally furnished revised figures for Cumbum worked by bullocks, but he has not given figures for Urban & rural areas and he will be asked to furnish them as suggested in para 32 supra.

35) The Dy of Comd Intelligence & Statistics, Calcutta, has made observations re cattle, buffaloes, horses, donkeys and hilars. The Re who was consulted on these points also has replied that the figures re cattle, buffaloes, horses and donkeys are correct but that the figures under Hilars, require to be revised as noted by him in para 28 supra.

36) It is proposed to communicate the information now furnished by the Re to the Dy through the Resident and to request the Re to take action as proposed in paras 30, 31 & 32 above.

16.12.40.	
17-12 48) Please ask the R.C. to Verification has been completed by 1st	
49) Submitted with a draft letter to the R.C.	
20.12.40.	
23-12 50) Done by me	
Issued No R. 4586, Dated the 4th January 1941	29
To the Revenue Commissioner.	
Reminder.	
Letter No. C. 1117/39-40, dated the 26th February 1941	30
From the Revenue Commissioner in Mysore.	
Forwarding the reports of reverification of the figures relating to tractors and power crushers, received from the several Deputy Commissioners and stating that the revised total numbers of the above are 13 and 38 respectively.	
51) From the Statements showing the particulars re: owner, type and make of Power Crushers and Tractors furnished by the Revenue Commissioner it is seen that 7 Sugar-Cane crushers of "Country make" worked by bullocks in Hassan District have been taken into account of 3 under Power Crushers and the 3 Sugar-Cane crushers in Mandya District, no information about their type and make is forthcoming. One tractor worked by bullock" in Kadur District has also been included in the total of 13 for tractors. Details re: one power crusher in each of the Districts are not available.	"W" "X" "Z" "Y"
52) Besides the revised figures under the above two heads, new totals under ploughs, carts, Sugar-cane crushers worked by bullocks and	

Serial No.

"V"

irrigation pumps worked by oil engines are furnished for Chitaldrug District. Hence the grand totals for the State under the above heads will have to be revised as noted in the margin.

No	Item	Census total	revised total
1.	Ploughs (wooden)	8,41,188	8,41,194 (+6)
	(Iron)	31,282	31,283 (+1)
2.	Carts	2,60,809	2,60,820 (+11)
3.	Sugar Cane Crushers:-		
	worked by bullocks	6,687	6,694 (+7)
	" " Power	152	38 (-1)
4.	Oil engines with pumps for irrigational purposes	192	197 (+5)
5.	Electric pumps for wells	546	546 (-)
6.	Tractors	54	13

53) Regarding the figures for Power Crushers, Tractors and Crushers worked by bullocks (noted in pencil) it is for consideration as to whether in view of the points raised in para 51 Supra about certain apparent discrepancies in the particulars furnished about each of the sugar-cane power Crusher and Tractor, the figures of the totals furnished by the R.C. under these heads may be adopted or whether further particulars may be called for.

54) Generally, tractors are worked by engines and so, the one worked by bullock in Hadur District may perhaps be eliminated from the total of 13. It seems that out of the total of 38 Crushers 7 cannot be included under the head "power Crushers" as they are stated to be worked by bullocks, and that therefore the actual total of power Crushers for the State will be 31 and of Crushers worked by bullocks, 6,694 (i.e. +7). and of Tractors, 12. Even among the 31 power Crushers particulars about 4 are not known

3 in Mandya Dt.
1 in Chitaldrug"

"B"

55) Submitted for above with reference to (Sl. No. 23) observations of the Director of Agriculture re: Sugar-Cane Power Crushers and Tractors, and paras 43-4 Supra.

19.3.41 56) Revised draft review submitted.

JM 18/3 57) Submitted with a draft letter to the R.C. returning the Statements for incorporating the corrections as instructed

---:0:---

Statements of live-stock census of the Mysore State for 1940

I have the honour to invite a reference to the above statements forwarded with your letter No.R.F.149-40/G & A., dated the 20th May 1940, and to observe as follows:-

✓(1) The total number of carts works out at 260,809 from district figures shown in the district statement (col.93) instead of 287,809 reported in the statements.

(2) The total number of (i) Breeding bulls (col.25) under the head "Buffaloes-Males", (ii) Horses over 3 years (col.61) and (iii) Mares over 3 years (col.62), has been shown as 8214, 3686 and 3364 respectively. These figures are too small in comparison with the corresponding figures viz., 14,255, 6,809 and 5,679 respectively, returned at the preceding census of 1935.

(3) Out of 250 tractors in the State, 216 tractors were enumerated in the urban areas, mainly in the Bangalore, Tumkur and Chitaldrug districts. It seems however doubtful that they relate solely to agricultural tractors.

I have, therefore, to request that you will be so good as to have the above points examined by the Mysore Darbar and the result thereof communicated to this Department at an early date.

OFFICE OF THE REVENUE COMMISSIONER
IN MYSORE. REV. SECTT 23

Bangalore, dated 20th September 194 0

REV. II BRANCH.
R 12-62

FROM

CHIEF SECRETARY
23 SEP. 19
GOVT. OF MYSORE.

Rukn-ul-Mulk
S. ABDUL WAJID, Esq., B.A.,
Revenue Cammissioner in Mysore,
Bangalore.

To
Rajasevaprasakta
B. T. Kesavaiengar, Esqr., B.A.,
Chief *Secretary to Government of His Highness*
the Maharaja of Mysore,
Department, Bangalore.

Sir,

Subject:—

With reference to your letter No.R.414/RM 51-38-19 dated 13-7-1940 regarding certain observations of the Director General of Commercial Intelligence and Statistics, Calcutta on the statements of live-stock Census of the Mysore State for ~~1939-40~~ 1940, I have the honour to state as follows:--

1. Carts:-- The total number of carts for the State viz., 260809 is correct, and the same may be accepted.

2. Breeding Bulls - Buffaloes - Males:-- As pointed out in this office review, the number of male buffaloes (columns 25,26 and ~~27~~ 27) as compared with the Census of ~~1925~~ 1935 decreased by 19070 or by 27.6%. But at the same time the number of cow buffaloes (colum 29,30 and 31 & 32 and 33 ½) increased by 36564 or ~~72%~~ 7·2% so that on the whole, ther has been an increase in the total number of buffaloes, the total net increase being 3 per cent. This result seems natural as Male Buffaloes are not usually made use of for ploughing and for traction etc. It would therefore be of advantage to the ryot to keep the number of males at a minimum and to dispose of the surplus by means of export and for slaughter etc.

3. Horses and Mares:-- There has been a definite decrease in the number of Horses and Mares. These animals are used only for light haulage and riding. Unlike bullocks, which are used for hauling heavy loads, even to places where no roads exist and

and for ploughing etc. horses and mares are usually used in urban areas. As pointed out in this office review, the large decrease in the number of Horses and Mares is attributable to the increased use of mechanical traction and to the policy of opening up the interior with more and better roads. The decrease under this head is also due to the fact that there is little or no import of these animals now from the neighbouring British provinces.

4. **Tractors:--** As stated in this office reply to the Secretariat U.O.file No.81/39-40 dated 30-5-1940, the total number of tractors for the whole state is only 54. Copies of letters since obtained from the Deputy Commissioners of Bangalore, Tumkur, Mysore and the Commissioner, Bangalore City Municipality explaining the causes for the difference between the figures originally given and those now furnished are enclosed herewith. The number of tractors viz., 13 as originally furnished by the Deputy Commissioner, Chitaldrug District is reported to be correct. (Vide copy of letter enclosed herewith)

I have the honour to be,
Sir;
Your most obedient servant,

Revenue Commissioner.

HRC.

3)Letter No.A4-C.1595/39-40 dated 31st August 1940 from the Deputy Commissioner,Tumkur to the Revenue Commissioner in Mysore.

With reference to your D.O.No.C.1117/39-40 dated 30-8-1940 calling for a report regarding the difference in the increase of tractors, I have the honour to state that there is no increase in the number of tractors as can be seen from the statement. But it was inadvertantly entered as 32. It is seen on verification that the figure under this head is only 16 and not 32 as shown in the previous statement. The mistake is regretted. The same may kindly be caused to be rectified accordingly.

---

4)Letter No.D1-629 dated 29th August 1940 from the Municipal Commissioner,Bangalore City Municipality to the Revenue Commissioner in Mysore.

With reference to your D.O.No.C.1117/39-40 regarding verification of figures under Sugarcane crushers worked by power and tractors during the Cattle Census held in January 1940, I have the honour to state that it is reported that there is only one tractor in the City area and not 164 tractors as has been entered under column 100 in the Schedule for circles Nos.13 and 14 by mistake. The figure 164 is only a total of the figures under columns 83 to 99 (both inclusive) in the schedule for the said circles.

HRC

1)Letter No.C8-64/39-40 dated 25th June 1940 from the Deputy Commissioner,Bangalore to the Revenue Commissioner in Mysore.

--

With reference to your letter No.C.117/39-40 dated 5th June 1940 directing the verification of the number of Sugarcane crushers etc., referred to in the statistics relating to the Census of Agricultural Stock held in January 1940, I have the honour to forward herewith a statement furnishing the verified figures as called for. It is reported that the reason for these faulty entries is due to the ignorance of some of the enumerators and supervisors who could not differentiate Crushers worked by power from those worked by bullocks.

As per/verified figures furnished now there are difference in regard to columns Nos.96,97,98,99 and 100 of the Schedule Form. Hence, verified figures in respect of these columns have been furnished in the schedule submitted herewith.

Verified figures from the Municipal Commissioner,Bangalore City Municipality, who had been requested to furnish the same, have not been received. He has been requested to furnish the same to your office direct.

---

2)Letter No.A4-C.1595/39-40 dated 28th August 1940 from the Deputy Commissioner,Tumkur District to the Revenue Commissioner in Mysore.

--

With reference to your letter No.C.1117/39-40 dated 20-6-1940 calling for a report regarding the increase in the number of sugarcane crushes worked by power etc., I have the honour to state that it is reported by the Amildars that there are no sugarcane crushes worked by power and that all of them relate to crushes worked by bullocks. Thus the figures under column 95 of the statement viz., the sugarcane crushes worked by bullocks would aggregate to 589. The Amildars report that the particulars which inadvertantly furnished by the Supervisors and enumerators were incorporated in the Taluk statements.

--

P.T.O .

Statement xxxx explaining the difference in the number of Power Crushers and Tractors in Bangalore District.

Area	Figures furnished originally		Verified		Remarks
	Power crushers	Tractors	Power crushers	Tractors	
Bangalore North	7	1	7	1	
Bangalore South	115	-	2	-	The Amildar reports that on verification there are only 2 crushers in his Taluk.
Anekal	68	2	4	-	The Amildar reports that the entries are made by oversight on the part of enumerators.
Dodballapur	14	-	-	-	The Amildar reports that the 14 crushers referred to are not worked by power but by bullocks and that the endtry is a mistake. Therefore the number of crushers worked by bullocks will be 96 instead of 82 as shown originally.
Devanhalli	23	1	-	1	The Amildar reports that the No. 23 referred to are Electric pumps so that the No. of electric will be 31 instead of 8
Hoskote	15	6	-	1	The Amildar reports that the mistake is due to the ignorance of some of the enumerators.
Nelamangala	-	-	-	-	
Chennapatna	21	-	1	-	The Amildar states that there is only one power crushe in his Taluk and that there are no tractors.
Closepet	7	-	7	-	
Magadi	2	1	-	1	The Amildar re orts that there are no power crushers in his taluk and that the 2 referred are eledtric pumps for wells, so that the No.2 shown under electric pumps will be 4 actually.
Kankanhalli	3	-	-	-	The Amildar reports that the 3 crushers are worked by bullocks and that the entry is a mistake. Hence the No. of crushers worked by bullocks will be 65 instead of 62 as shown originally.
Bangalore City	2	165	-	-	
Anekal Town	-	-	-	-	
Closepet Town	1	-	1	-	
Channapatna Town	1	1	-	-	There is neither a tractor nor a power crusher as reported by the Amildar now.
Magadi Town	-	-	-	-	
Kankanhalli Town	9	-	-	-	The Amildar reports that the entry is a mistake as the crushers noted are worked by bullocks, so that the No. of crushers worked by bullocks will be 56 instead of 47.

Subject:- The verification of figures re: the number of sugar-cane crushers worked by power and the number of tractors specified in the Census of Agricultural Stock of 1940.

With reference to your Docket No.C.1117/39 dated 11-6-40 on the above subject, I have the honor to note below particulars since received from the Amildara, the Deputy Amildar, Yelandur and the President, City Municipal Council, Mysore.

Areas.	No. of sugar-cane crushers worked by power.	Tractors.	Remarks.
Mysore City Municipality.	Nil.	Nil.	It is stated that in these columns country made oil mills and shapasand tongas had been entered respectively.
Hunsur (Both urban and rural).	Nil.	-	Reported to be wrongly entered in the original schedule.
T.Narasipur	-	-	Reported to be wrongly entered. The No. of sugar-cane crushers worked by bullocks is 219 instead of 217.
Chamarajnagar.	-	-	It is reported that to show the difference between the iron mills and the wooden mills, the figures relating to the iron mills are entered in column 94.

3/

Yelandur.	5	1	Reported that the figures are unaltered even after verification.
Gundlupet	-	-	It is reported that no electric power is available in the Taluk and that the total No. of sugar-cane crushers worked by bullocks is 18 instead of 15.
Mysore Taluk	1	-	It is reported that the figure already furnished is correct.

- -

From the information now furnished it is seen that there are only six sugar-cane crushers worked by power in this District.

I have the honor to be,
Sir,
Your most obedient servant,

For Deputy Commissioner,
Mysore District.

2. Breeding Bulls.- Buffaloes - Males.- As pointed out in this office review, the number of male buffaloes (columns 25, 26 and 27) as compared with the Census of 1935 decreased by 19070 or by 27.6%. But, at the same time, the number of cow buffaloes (columns 29, 30, 31, 32 and 33) increased by 36564 or 7.2% so that on the whole, there has been an increase in the total number of buffaloes, the total net increase being 3 per cent. This result seems natural as Male Buffaloes are not usually made use of for ploughing and for traction, etc., It would therefore be advantage to the ryot to keep the number of males at a minimum and to dispose of the surplus by means of export and for slaughter etc.

3. Horses and Mares:- There has been a definite decrease in the number of Horses and Mares. These animals are used only for light haulage and riding. Unlike bullocks, which are used for hauling heavy loads, even to places where no roads exist and for ploughing etc., horses and mares are usually used in urban areas. As pointed out in this office review, the large decrease in the number of Horses and Mares is attributable to the increased use of mechanical traction and to the policy of opening up the interior with more and better roads. The decrease under this head is also due to the fact that there is little or no import of these animals now, from the neighbouring British provinces.

SIR

Re:- The Live Stock Census of the Mysore State for 1940. -

--

Adverting to correspondence ending with your letter No.R.2600 dated 14th October 1940 regarding the above mentioned subject, I have the honour to state that the figures of tractors furnished by the Revenue Department are still open to doubt. At first the Revenue Department reported 250 tractors. In my letter of even No dated 25th May 1940 I represented to Government that the figures of tractors and power crushers were incredible. The Revenue Department has revised the figure from 250 to 54. This shows how thoroughly unreliable the reporting is. Even the present figure may be got verified by calling for a list showing the name of the owner, the standard make of the tractor etc. It is hard to believe that there are 16 tractors in the Tumkur District and 13 in the Chitaldrug District.

The sugar-cane crushers worked by power were originally reported as 576. That figure has now been revised to 152. It shows how thoroughly unreliable the statistics collected are. Even the present figure of 152 power crushers is open to doubt. It is hard to believe that there are 39 sugar-cane power-crushers in the Chitaldrug District.

I have the honour to be,
Sir,
Your most obedient servant,

Director of Agriculture.

Sir,

Subject:- Live Stock Census of the Mysore State for 1940.

Adverting to the correspondence ending with your letter No.C.1117/39-40, dated the 21st October 1940 forwarding a statement showing the number of sugar-cane crushers and tractors in rural and in urban areas, in the several districts, I am directed to request that even the revised figures of tractors and power crushers may be got verified by getting a list showing the name of the owner of tractors and power crushers, the standard make of the tractors and crushers etc. It is stated that there are 16 tractors in the Tumkur District and 13 in the Chitaldrug District and 39 sugar-cane crushers in the Chitaldrug District. These figures require to be verified.

I have the honour to be,
Sir,
Your most obedient servant,

(DRAFT).
FOR Chief Secretary to Government.

R.M. 51-38-20

No. C.1117/39-40.
Encl. Letters and Statements.

OFFICE OF THE REVENUE COMMISSIONER IN MYSORE,

Dated, Bangalore, 26th February 1941.

R 3694

FROM

Rukn-Ul-Mulk
S. Abdul Wajid, Esq., B.A.,
Revenue Commissioner in Mysore.

To

The Chief Secretary to the Government of His Highness the Maharaja of Mysore,
Bangalore.

SIR,

Subject:—

With reference to correspondence ending with your letter No. R. 2990/R.M.51-38-25 dated 2nd November 1940 re: further verification in respect of the number of Tractors and Sugarcane Crushers worked by power, I have the honour to state on further verification that the total number of Tractors and Power Crushers is 13 and 38 respectively as shown in the margin.*

*

District.	Power Crushers.	Tractors.

SIR,

Subject:—

With reference to your Memo No.C.1117/39-40 dated 7-11-40 calling for certain particulars in respect of the Tractors and Power Crushers in this District, I have the honour to forward herewith a consolidated statement, in duplicate, furnishing the necessary details called for. Particulars relating to the City area have not yet been received from the Municipal Commissioner, who has been again reminded to furnish the particulars direct to your office.

2. The variation in figures is attributed to the Supervisors not fully understanding the meaning of Tractors and Power Crushers.

The

P.T.O.

The figures now furnished are reported to have been verified by the Revenue Inspectors concerned.

I have the honour to be,
Sir,
Your most obedient servant,

B.S. Sivaramaiah

For Deputy Commissioner,
Bangalore District.

Deputy Commissioner,
Kolar District.

To

Rukn-ul-Mulk
S. Abdul Wajid, Esq., B.A.,
Revenue Commissioner in Mysore,
Bangalore.

Sir,

Subject:-Particulars in respect of tractors and sugarcane crushers worked by power.

Adverting to your memo No.C1117/39-40 dated 7-11-1940 and the subsequent reminders thereon calling for particulars on the above subject, I have the honour to forward herewith a statement showing the details of particulars in respect of tractors and sugarcane crushers worked by power, for favour of perusal,. It is seen therefrom that there are only one tractor and 11 sugarcane crushers as against 2 and 13 respectively furnished at the time of ex enumeration of the Livestock. The difference has been observed in respect of figures furnished by the Amildar, of Chickballapur Taluk, who explains that the omission was due to the wrong interpretation of the word 'tractor' by the concerned supervisor at the time of enumeration and that the figures now furnished may be accepted as correct. A copy of his report dated 28-11-1940 is also enclosed for favour of perusal.

I have the honour to be
Sir,
Your most obedient servant,

for Deputy Commissioner,
Kolar District.

Report No.H.C.94/40-41 dated, Chickballapur 28-11-1940 from the Amildar, Chickballapur Taluk, to the Deputy Commissioner, Kolar District

-.-

Reference:-
Kolar District Deputy Commissioner's Memo No.A7.P.R.79/40-41 dated 13-11-40 regarding the number of sugarcane crushers and tractors in Chickballapur Taluk.

The cattle Census schedules were verified and it was found that two sugarcane crushers worked by Electric power were situated in Chickballapur Municipal limits and one sugarcane crusher and one Tractor were situated in Nandi Hobli limits.

The President of Chickballapur Town Municipality and the Revenue Inspector of Nandi were requested to furnish detailed information (required in Deputy Commissioner's memo) regarding the crushers and tractors.

The President of the Chickballapur Town Municipality in his letter No.H.C.98/39-40 dated 27-11-1940 states that the entry of two sugarcane crushers in his area has been made by oversight while carrying the totals of columns ofthe back sheet and states that there are no sugarcane crushers worked by power in the Chickballapur Town Municipal limits.

The Revenue Inspector, Nandi in his report dated 27-11-1940 states that there is no tractor in Nandi Hobli but there is only a Kolar plough possessed by Muniswamappa a resident of Nandi village. In the Cattle Census schedule it is seen that this Muniswamappa a resident of Nandi village is the owner of the tractor. Hence it is perhaps for want of the proper understanding of the meaning of the word tractor the superviser has entered a tractor instead of Kolar plough. He also reports that there is one sugarcane crusher worked by power.

The letter of the President and the report of the Revenue Inspector Nandi are herewith submitted for favour of kind perusal. Hence there is only one sugarcane crusher worked by power and no tractors in this taluk. The details of the sugarcane crusher worked by power are given here below.

C 1117 State

Sir,

Subject:- Live Stock Census of the Mysore State for

With reference to your Memo No.C.1117 of 39 dated the 7th November 1940 calling for certain particulars in respect of tractors and sugar-cane power crushers in this District, I have the honor to forward herewith a copy of the statement showing the particulars in respect of sugar-cane power crushers in Yelandur Sub Taluk received from the Deputy Amildar, Yelandur Sub Taluk, with his report No.V.P.C.46/40-41 dated the 27th November 1940 for favour of your information. As regards tractors it is reported by him that there are no tractors in Yelandur Sub Taluk, but that a big P. & R plough in the possession of Mr. M. S. Krishna Rao, of Agara seems to have been mistaken for a tractor.

The Amildar, Mysore Taluk, (where it had been reported previously that there was one power sugar-cane crusher) has now stated in his report No.H.C.114/40-41 dated the 28th November 1940 that there is no power crucher except one oil mill ( ) which was by mistake shown as 'Power Crucher' in the Taluk statement.

I have the honor to be,
Sir,
Your most obedient servant,

K. Narasimhaiengar
For Deputy Commissioner,
Mysore District.

HRK-2.

Sl. No.	Name of the village.	Name of the owners	No.of crushers.	No.of Tractors.	Remarks.
1.	Yelandur	Mr. Chickkaveeranna Land holder and money lender.	1	..	American make (U.S.A) International Harvest Co., Chattanoga. No.122, Run by Bower (Oil engine) 5 Horse Power.
2.	Agara	Mr. A. Srinivasa Upadyaya.	1	..	Chattanoga Mills (U.S.A)
3.	Agara	Mr. A. Srinivasa Murthy	1	..	Globe Mills, Bangalore.
4.	Agara.	Mr. M.S. Krishna Rao.	1	..	Chattanoga Mills, (U.S.A)
					These three crushers (in thin brachets) it is ascertained could be run by attaching power But at present, they are run by bullocks only.
5.	Mamballi.	Mr. M.S.Basavanna Devaru.			Power Crusher, P.M.M. and Sons. Bangalore. Registered Trade mark (Elephant)
					There is no Tractor in this Taluk. There is however a big P & R. Plough with Mr. M.S.Krishn Rao of Agara which it is ascertained could be drawn only by three pairs of bullocks. This seems to have been mis taken for a Tractor.

-

Re: particulars in respect of tractors and power crushers.

-

With reference to your memo No. C.1117/39-40 dated 7-11-1940 calling for certain particulars in respect of the only one tractor shown against column 98 of the schedule of the Cattle Census, pertaining to the Belur Taluk, I have the honour to state that the Amildar, Belur Taluk, reports that on an enquiry made, it is ascertained that there was no tractor nor there is a tractor now with Manjiah, house No. 705 of block No. 19 of Circle No. 2 of Belur Town, that the mistake in the returns was due to an entry wrongly made by the enumerator. The enumerator has submitted his explanation to the effect that he mistook the iron plough for a tractor and made a wrong entry in column 100 of the schedule. He prays that he may kindly be excused for the mistake inadvertently crept in.

The Amildar reports that he got his office copy corrected and necessary corrections have been effected in my office copy as well. I therefore request that necessary corrections may kindly be caused to be made in the consolidated schedule submitted to your office.

Subject:- Information re: power crushers and Tractors.

-

With reference to your letter No. C.1117/39-40 dated 7th November 1940 on the above subject, I have the honour to state that the Amildars who were asked to verify and report the name of the village in which Power Crushers had been installed, names of owners and their standard make etc., have reported that there are no power crushers or tractors in their Taluks and that the entries made in the schedules submitted by them are apparently wrong and that the crushers worked by bullocks have been shown in the column provided for power crushers. Similarly, the one tractor shown in Sagar Taluk is reported to be an oil engine which works the pump for irrigational purposes in the Agricultural Farm of Marthur village. Necessary corrections may be kindly caused to be made in the consolidated statement with this office No. A5.C.1999/39-40 dated 7th February 1940.

K.N. Narasimhan

For Revenue Commissioner.

HRR

P.R. 26/40-41.

Taluk Office, Kadur,
Dated, 24th January 1941.

Submitted to the Deputy Commissioner, Kadur District, with reference to his memo No. A2-3202-38 dated 27th November 1940. Information in respect of sugarcane crushers and tractors is noted below:-

Name of villages in which Tractors and power crushers are situated.	Tractors.
	1. Tangali
	2. Birur

It is reported that there are no sugarcane crushers. The Revenue Inspector, Birur, has reported that one tractor and the sugarcane crushers which were in Birur Hobli at the time of Cattle Census have since been removed elsewhere. There is only one ploughing tractor with Mr. D.K. Halappa of Birur. The other tractor is with Mr. Krishnaswami Iyengar - Tangali.

Both of them are learnt to be in a working condition.

(Sd) T.L. Srinivasa Char,
Amildar, 24-1-1941,

OFFICE OF THE DEPUTY COMMISSIONER,
CHITALDRUG DISTRICT.

69

Dated Chitaldrug, 7th January *194* 1.

FROM

R. P. MALLAPPA, ESQ., B.A., LL.B.,
Deputy Commissioner,
Chitaldrug District,
CHITALDRUG.

To

Rukn-Ul-Mulk
S. Abdul Wajid, Esq., B.A.,
Revenue *Commissioner in Mysore,*
BANGALORE.

SIR,

SUBJECT :— Particulars in respect of Sugar cane crushers worked by power and tractors relating to the cattle census of 1940 in the Chitaldrug District.

With reference to your Memo No.C.1117/39-40 dated 7th November 1940 on the above subject requesting that the marginally noted* figures furnished in respect of sugar cane crusher and tractors furnished in respect of the consolidated statement of this District require to be verified etc., I have the honour to state as follows:-

* Chitaldrug District.

Power crushers.	Tractors.
39	13

2. As per instructions contained in your memo under reference suitable instructions had been issued to the concerne Amildars (of the marginally noted Taluks) where the existence of power crushers and tractors had been reported as described in the margin. The existence or other wise of the power crushers and

Name of Taluks.	No.of power crushers furnished.	No.of Tractors.

(P)

70

and tractors has been accordingly verified by them and on the basis of verified figures now furnished by them, a correct statement furnishing modified figures in respect of columns 91, 92, 93, 94, 95, 96, 97 and 98 have been prepared and enclosed herein for favour of adoption. The reasons for the present modification of figures in respect of the several columns mentioned above as explained by the Amildars are -

1) Chitaldrug Taluk and Town:- It is reported by the Amildar ~~and~~ the Taluk and the Municipal President that it is ascertained after enquiry that there are no sugar cane crushers worked by power and that the figures originally furnished in respect of Col.94 and 98 were wrongly entered by the enumerators. It is further reported that there are no power crushers and Tractors. It is added that the figure 7 originally furnished under Column 98 has to be added on, under Column 91 (Wooden ploughs) 92 (Iron ploughs) as 6+1 respectively and that the figure 77 furnished under Col.95 Sugar cane crushers worked by bullocks has to be raised from 77 to 81.

2) Davangere Taluk & Town:- The Amildar, Davangere Taluk reports that figure 15 furnished under col.94 crushers worked by power and figure 1 furnished under col.98 tractors are found to be in-correct after investigation. The Amildar states that out of the figure 15 furnished under Col.94 crushers, has now to be changed to 2 crushers worked by power and 2 crushers worked by bullocks. With regard to the remaining 11, the Amildar reports that they have to be added on to Col.93 carts, as this figure had been wrongly entered in col.94. Regarding tractors it is reported that there are no tractors in the Davangere Taluk. Based on the information furnished by the Amildar, revised figures have been furnished for adoption in respect of columns 93, 94, 95 and 98 (Vide statement enclosed).

3) Chellakere Taluk:- It is reported by the Amildar, that

figure

71

figure one furnished under Col.98 Tractors was found to be incorrect on investigation. He requests that the figure 1 furnished under Tractors might be omitted.

4) Hiriyur Taluk:- No change of figure is reported. Hence the figures originally furnished remain unaltered.

5) Holalkere Taluk:- The Amildar reports that on local enquiry, it is found there are no sugar cane crushers worked by power in his Taluk. As regards the figure 7 furnished under Col.94, (Sugar cane crushers worked by power) originally he reports that the figures furnished by the enumerators in the Schedule were incorporated in the Taluk consolidated statement. In the circumstances figure 7 furnished originally under Col. 94 has been omitted in the revised statement (enclosed herewith).

6) Molakalmuru Taluk:- No change of figure is reported in this Taluk.

7) Jagalur Taluk:- It is reported by the Amildar, that on due verification it is found that the figure 5 originally furnished in respect of Col.94 sugarcane crushers worked by power was incorrect, as the said figure relates to engines used for pumping the water from wells. He reports that the figure 5 has to be added on to figure 15 already existing in Col.96 (of the consolidated statement) Oil engines with pumps for Irrigation purposes. With this modification nil is shown under Col.94 and the existing figure 15 in column 96 is raised to 20 (Vide details noted in the enclosed statement).

8) Hosaudrga Taluk:- It is reported by the Amildar, that figure 2 furnished originally under Col.94 (power crushers) is found to be incorrect, as the said figure was put under that column instead of entering it in Col.95, crushers worked by bullocks. In the circumstances the Amildar requests that figure 2 furnished under Col.94 might be cancelled and added on

to Column

72.

to column 95 of the consolidated statement. With the modification suggested by the Amildar figure 2 is deleted in column 94 and the existing figure 15 in column 95 (crushers worked by bullocks) is raised to 17. (Vide details noted in the enclosed statement).

I have the honour to be,
Sir,
Your most obedient servant,

DEPUTY COMMISSIONER,
CHITALDRUG DISTRICT.

JBR.

Consolidated statement furnishing modified figures in respect of columns 91,92,93,94,95,96 and 98 of the form for District figures re- live stock census held in January 1940, in the Chitaldrug District.

From

Rukn-ul-mulk
S. Abdul Wajid. Esq.B.A.,
Revenue Commissioner in Mysore.

R.L.897
R. & R.C.
6 MAY 1941

To

Rajasevaprasakta
B.T.Kesavaiengar. Esq.B.A.,
Chief Secretary to the Government of
His Highness the Maharaja of Mysore,
Bangalore

Sir,

With reference to your letter No.R.6410/R.M.51-38-25 dated 20th March 1941, returning the statements relating to the Live Stock Census held in 1940, for incorporating therein all the corrections under the several heads consequent on the re-verification of figures under Tractors and Sugarcane crushers worked by Power, I have the honour to return herewith the statements received with your letter after incorporating therein the consequential changes under the marginally noted heads.

Ploughs- Wooden
do. Iron.
Carts.
Power crushers.
Crushers worked by Bullocks-
Tractors.

A separate statement (in duplicate) showing the revised figures under these heads is also enclosed.

The total number of power crushers and tractors in the State comes to 31 and 11 respectively. A copy of Kolar Deputy Commissioner's letter dated 10th April 1941, stating that the number of Power crushers in the District is only 4 and not 11 and the one tractor enumerated in Kolar Taluk is not a tractor but an improved iron plough

P.T.O.

is enclosed herewith.

I have the honour to be,

Sir,

Your most obedient servant,

Revenue Commissioner.

G.H.

78

No.A7.C.1419/40-41 dated 10th April 1941 from the Deputy Commissioner, Kolar District, to the Revenue Commissioner in Mysore, Bangalore.

== = = = ==

SUBJECT:-- Census of Agricultural Stock of 1939-40.

.....

With reference to your D.O.No.C.1217/39-40 dated 6th April 1941 requesting, to furnish a statement showing the revised figures under Columns 91 to 95 and 98 of the Schedule of Census of Agricultural Stock 1939-40 after reverification etc., I have the honour to forward herewith, the same furnishing the figures as revised for kind perusal.

After reverification it is ascertained that the number of power crushers in the District is only 4, and not 11, as stated in my letter No.L.Dis.A7.C.1419/40-41 dated 6-1-1941. The difference has been observed in respect of the figures furnished by the Amildar, Bowringpet Taluk, who explains that out of eight crushers, seven are being worked by bullock and one by power.

As regards one tractor enumerated in Kolar Taluk, it is since ascertained that this is only an improved iron plough manufactured at the Kolar Normal and Training Institute and not a tractor as previously reported. Necessary corrections have been incorporated in the statement enclosed for favour of reference.

	Electric pumps for tube wells		546
	Tractors		~~259~~ 11

NOTE.—(1) Enumeration should be done separately for *rural* and *urban* areas in each district. For this purpose, any self-governing urban unit, irrespective of size, including every municipality, every cantonment, all civil lines not included within municipal limits, and also every other continuous collection of houses ordinarily inhabited by not less than 5,000 persons and having an urban character though not necessarily self-governing, may be treated as urban area and the rest as rural area.

(2) This form should be filled in and returned to the Department of Commercial Intelligence and Statistics, India, 1, Council House Street, Calcutta, within three weeks after the census is completed.

*The criterion to distinguish between adult fowls and chickens is the ability to breed. The same applies to ducks and ducklings.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

G. O. No. R. 8081-100—R. M. 51-38-33, dated 30th May 1941.

Ninth Quinquennial Census of Agricultural Stock, 1940.

Reviews the ——.

READ—

Government Order No. R. 3203-62—R. M. 51-38-7, dated the 22nd November 1939, directing that the Ninth Quinquennial Census of Agricultural Stock in the State be held on the 31st January 1940.

2. Letter No. C. 1117—39-40, dated the 22nd April 1940, from the Revenue Commissioner in Mysore, forwarding a copy of his review on the results of the Census together with a consolidated statement and the returns relating to the Districts received from the Deputy Commissioners (*vide* Annexure).

3. Letter No. H. C. 951-2848—39-40, dated the 25th May 1940, from the Director of Agriculture in Mysore, offering his remarks on the Revenue Commissioner's review referred to above.

4. Correspondence ending with letter No. C. 1117—39-40, dated the 3rd May 1941, from the Revenue Commissioner in Mysore, in the matter.

ORDER No. R. 8081-100—R. M. 51-38-33, DATED BANGALORE, THE 30TH MAY 1941.

Recorded.

2. The Ninth Quinquennial Census of Agricultural Stock was taken on the 31st January 1940. The scope of the Census has been enlarged so as to obtain and include statistics of poultry and pigs and more detailed statistics under buffaloes, sheep, goats, horses and ponies, and donkeys.

3. The following table furnishes the total number of live-stock as well as agricultural machinery and implements according to the present Census as compared with the Census of 1935:—

Sl. No.	Items	Figures pertaining to the Census of 1935	Figures pertaining to the Census of 1940	Percentage of increase (+) or decrease (−)
1	Bulls and Bullocks ...	1,388,211	1,408,198	+ 1·4
2	Cows ...	1,570,852	1,648,679	+ 4·9
3	Male Buffaloes ...	69,243	50,173	−27·6
4	Cow „ ...	508,162	544,726	+ 7·2
5	Young Stock (Cattle and Buffaloes) ...	1,227,409	1,265,156	+ 3·1
6	Sheep ...	2,595,359	3,056,813	+17·7
7	Goats ...	1,402,925	1,724,810	+22·9
8	Horses and Ponies ...	17,159	13,060	−23·2
9	Mules ...	138	153	+12·5
10	Donkeys ...	43,385	42,584	− 1·8
11	Camels ...	26	17	−34·6
12	Pigs ...	...	63,412	...
13	Poultry: (a) Fowls ...	...	3,231,205	...

	(ii) Iron ...	23,016	31,313	+36·0
15	Carts ...	267,404	260,923	− 2·4
16	Pumps worked by oil engines for irrigation ...	158	197	+24·2
17	Electric pumps for tube-wells ...	295	546	+85·1
18	Sugarcane crushers:			
	(a) worked by power ...	180	31	−82·1
	(b) „ by bullocks ...	6,819	6,942	+ 1·8
19	Tractors ...	62	11	−82·3

No. R. 8081-100—R. M. 51-38-33, DATED 30TH MAY 1941.

4. The most noticeable feature is that there has been generally an improvement in the quantity of the Agricultural Live-Stock and this is attributed to the absence of any widespread drought, disease or other factors affecting cattle mortality on the one hand and to the preventive efforts adopted by the Veterinary Department to combat contagious diseases on the other.

5. The increase under bulls and bullocks, cows and buffaloes ranged from 1·4 per cent to 7·2 per cent, while it was 17·7 per cent under sheep and 22·9 per cent under goats. There was a decrease in the number of male buffaloes (27·6 per cent) and horses and ponies (23·2 per cent). The decrease in the number of male buffaloes is explained as being due to the disposal of the surplus stock by means of export and slaughter as it is not advantageous to the raiyats to keep these animals which are not made use of either for ploughing or for traction. The definite decrease in the number of horses and ponies is due to the increased use of mechanical traction.

6. It is gratifying to note that the number of ploughs, wooden as well as iron, shows an increase, the increase in the case of iron ploughs being 36·0 per cent. This is due apparently to the propaganda of the Agricultural Department. The sugarcane crushers and tractors show a decrease as compared with the figures of the previous quinquennium, but this seems more apparent than real as the figures furnished on the previous occasion were probably incorrect.

B. T. KESAVIENGAR,
Chief Secretary to Government.

To—The Revenue Commissioner in Mysore.
The Director of Agriculture in Mysore.
The Secretaries to Government.
The Deputy Commissioners of Districts.

PRESS TABLE.

Exd.—C. K.

No. R. 8081-100—R. M. 51-38-33, DATED 30TH MAY 1941.

The quinquennium under review was not remarkable for any widespread drought, disease or other factors affecting cattle mortality. The campaign against contagious diseases carried on by the Civil Veterinary Department and the considerable improvement achieved in the reporting of cattle diseases and in the submission of cattle mortality statements by the co-operation of the Veterinary and Revenue Departments have led to useful results and there has been a definite improvement in the number of the live stock in the State.

Bulls and Bullocks.—The total number returned under this head was 14,08,198 as against 13,88,211 in 1935. There is an increase under this head by 1·4 per cent.

Cows.—The number of cows which stood at 15,70,852 in 1935 has increased to 16,48,679 in 1940 which means an increase of 4·9 per cent.

Buffaloes.—The number of male buffaloes, as compared with 1935 decreased by 19,070 but the number of cow buffaloes increased by 36,564. There was a decrease of 27·6 per cent in the former, while there was an increase of 7·2 per cent in the latter. This works out to a total net increase of 3 per cent under buffaloes.

Young Stock (Cattle and Buffaloes).—The number rose from 12,27,409 to 12,65,156 resulting in an increase by 3·1 per cent.

Sheep and Goats.—There have increased by 17·7 per cent and 22·9 per cent, respectively, as compared with 1935.

Horses and Ponies, Donkeys, Camels.—There have, as compared with 1935, decreased by 23·8 per cent, 1·8 per cent and 34·6 per cent, respectively. The mechanisation of the troops, increased use of mechanical traction and Government's policy of opening up the interior with more and better roads, have presumably contributed to the decrease.

Ploughs.—There has been an increase under both wooden and iron ploughs, with the significant difference that whereas the increase under the former was only 2·4 per cent, the increase under the latter was no less than 36 per cent.

Sugarcane Crushers.—The number of sugarcane crushers worked by power which was 180 in 1935 was only 31 in 1940. Evidently the number enumerated in 1935 must be a mistake and crushers worked by bullocks might have been wrongly shown against the crushers worked by power. Crushers worked by bullocks increased from 6,819 in 1935 to 6,942 in 1940.

Pumps.—The total number of irrigation pumps worked by oil engines in 1935 was 158. The number now returned is 197 showing an increase of 24·6 per cent. Electric pumps for tube wells rose from 295 in 1935 to 546, an increase of 85·1 per cent.

Tractors.—The number of tractors returned in 1935 was 62 and the number now returned is 11. The present figure has been got verified and as such the figure returned during 1935 must be a mistake.

S. ABDUL WAJID,
Revenue Commissioner.

WD 2181—GPB—570—16-1-42

Official Memorandum.

Subject:-

Statements received from the Deputy Commissioners of Districts and the President, Municipal Commission, Civil and Military station, Bangalore showing the results of the Census of Agricultural stock held on the 31st January 1940.

The final reports from the Deputy Commissioners of Districts and the President, Municipal Commission, Civil & Military station, Bangalore were received on the several dates detailed hereunder:-

Bangalore District	...	18th March 1940.
Civil & Military station-Municipality.	...	27th February 1940.
Kolar District.	....	15th March 1940.
Tumkur "	...	11th March 1940.
Mysore "	...	14th March 1940.
Mandya.	...	10th February 1940.
Hassan.	...	15th February 1940.
Shimoga.	...	8th February 1940.
Kadur.	...	16th March 1940.
Chitaldrug.	...	25th March 1940.

The accompanying statement shows the results of the Census for each District and for the Civil & Military station, Bangalore, as well as the total for the whole State.

In order to ensure uniformity with the Indian Provinces and States participating in the Census and in order also that the All India figures may be presented in a complete form, the revised forms of enumaration and classification of livestock suggested by the Government of India have been adopted.

The scope of the present Census has been enlarged so as to include two new heads i.e. Poultry and Pigs. More detailed statistics have been obtained under "Cattle, Buffaloes, Sheep Goats, Horses and Ponies " and Donkeys".

Official Memorandum.

Subject:-

Statements received from the Deputy Commissioners of districts and the President, Municipal Corporation, Civil and Military station, Bangalore showing the results of the Census of Animal stock held on the 31st January 1940.

The final reports from the Deputy Commissioners of Districts and the President, Municipal Corporation, Civil & Military station, Bangalore were received on the several dates detailed hereunder:-

Bangalore District	...	18th March 1940.
Civil & Military station-Municipality.	...	27th February 1940.
Kolar District.	...	14th March 1940.
Tumkur "	...	11th March 1940.
Mysore "	...	14th March 1940.
Mandya.	...	12th February 1940.

Shimoga.	...	8th February 1940.
Kadur.	...	18th March 1940.
Chitaldrug.	...	25th March 1940.

The accompanying statement shows the results of the Census for each district and for the Civil & Military station, Bangalore, as well as the total for the whole State.

In order to ensure uniformity in the Indian Provinces and States participating in the Census and in order also that the all India figures may be presented in a complete form, the revised forms of enumeration and classification of livestock adopted by the Government of India have been adopted.

The scope of the present Census has been enlarged so as to include two new heads i.e. poultry and pigs. Other retained heads, Horses and Ponies " and Donkeys"

Also, figures have been enumerated and consolidated separately for rural and urban areas in each District and for the Whole State.

The following table shows the number of livestock and agricultural machinery according to the present Census as compared with the previous Census of 1935, together with information as to the percentage of increase or decrease noticeable under each item:-

ITEMS.	No. during the Census of 1935	No. during the Census of 1940.	Percentage of Increase (+) or decrease (-)
1. Bulls & Bullocks-	1,383,211	1,408,198.	+ 1.4
2. Cows-	1,570,852	1,648,679	+ 4.9
3. Male Buffaloes-	69,243	50,173	-27.6
4. Cow Buffaloes-	508,162	544,726	+ 7.2
5. Young stock (Cattle & Buffaloes-	672,384	1,265,156	+ 88.1
6. Sheep-	2,595,359	3,056,813	+ 17.7
7. Goats-	1,402,925.	~~1,724,810~~ 1724810	+ 22.9
8. Horses & Ponies-	17,159	13,060	- 23.2
9. Donkeys-	43,385	42,584	- 1.8
10. Camels-	26	17	-34.6
11. Pigs-	-	63,442	
12. Poultry- (a) Fowls-	-	3,231,205	
(b) Ducks-	-	10,043	
13. Ploughs- (a) Wooden-	822,335	841,188	+ 2.2
(b) Iron-	23,016	31,282-	+ 35.8.
14. Carts-	267,404	287,809	+ 7.6
15. Sugarcane crushers:- a) Worked by Power.	180	576	+ 220.0
b) Worked by Bullocks-	6,819	6,518	- 4.4
16. Oil Engines with pumps for Irrigation purposes-	158.	192	+ 21.5.
17. Electric Pumps for tube wells-	295	546	+ 85.1
18. Tractors-	62	250	+ 330.2

The quinquennium under review was not remarkable for any wide-spread drought, disease or other factors, effecting cattle mortality. The campaign against contagious diseases carried on by the Civil Veterinary Department and the considerable improvement achieved in

Also,figures have been **summarised** and consolidated separately for rural and urban areas in each district and for the whole State.

The following table shows the number of livestock & poultry according to the present Census as compared with the previous Census of 1945,together with increase or decrease in the percentage of increase or decrease noticeable under each item:-

Items.	No.during the Census of 1945.	No.during the Census of 1940	Percentage of Increase or decrease (+) or (-)
1. Bulls & bullocks-	1,338,111	1,408,108.	+ 1.4
2. Cows-	1,370,850	1,246,679	+ 4.9
3. Male Buffaloes-	60,242	50,172	-16.8
4. Cow Buffaloes-	508,16.	544,726	+ 7.2
5. Young stock (Cattle & Buffaloes-	672,864	1,265,150	+ 88.1
6. Sheep-	2,595,851	2,058,816	+ 17.2
7. Goats-	1,402,525.	1,724-810-	+ 22.4
8. Horses & Ponies-	17,164	13,060	- 23.5
9. Donkeys-	45,285	42,254	- 1.2
10. Camels-	26	17	-34.6
11. Pigs-	-	65,442	
12. Poultry- (a) Fowls- (b) Ducks-	-	3,251,05 10,042	
13. Carts- (a) Wooden- (b) Iron-	822,085 22,116	841,188 21,282-	+ 2.2 + 35-2.
14. Carts -	167,404	287,209	+ 7.6
15. Agriculture implements:- a) Worked by Power. b) Worked by Animals-	180 6,814	576 6,818	+ 220.0 - 4.4
16. Engines with pumps for irrigation purposes-	158.	192	+ 21.5.
17. Electric pumps for tube wells-	745	540	+ 38.1
18. Tractors-	85	180	+ 120.0

The Quinquennium under review was not favourable for any wide

Veterinary Department suffered considerable impairment as a

result of certain contagious diseases carried on by the wild

animals,diseases or other factors,effecting mortality. The

the reporting of cattle diseases and in the submission of cattle mortality statements by the co-operation of the Veterinary and Revenue Departments have led to useful results and there has been a definite improvement in the quantity of livestock in the State.

Bulls & ~~Buffaloes~~ Bullocks:- The total number returned under this head was 1,408,198 as again t 1,388,211 in 1935. There is an increase under this head by 1.4% .

Cows. The number of cows which stood at 1,570,852 in 1935 has increased to 1,648,679 in 1940 which means an increase of 4.9%

Buffaloes;- The number of male buffaloes, as compared with 1935 decreased by 36,564. ^ 19,070 but the number of cow buffaloes increased by There was a decrease of 27.6% in the former while there was an increase of 7.2 in the latter. This works out to a total net increase of 3% under buffaloes.

Young stock. Cattle & Buffaloes. The number rose from 672,384 in 1935 to 1,265,156 in 1940 resulting in an appreciable increase by 88.1%.

Sheep+Goats.- have increased by 17.7% and 22.9% respectively as compared with 1935.

Horses & Ponies, Donkeys, Camels. - have as compared with 1935 decreased by 23.2%, 1.8% and 34.6% respectively. The mechanisation of the ~~troops~~ troops, increased use of mechanical traction and Government's policy of opening up the interior with more and better roads have presumably contributed to this decrease.

Ploughs :- There has been an increase under both wooden and iron ploughs, with the significant difference that whereas the increase under the former was only 2.2% the im rease under the latter was no less than 35.8%.

Sugarcane Crushers. The number of Sugarcane Crushers worked by power has increased from 180 in 1935 to 576 during the present

present Census, an increase of ~~220.0~~ 220.0%. There has been during the same period a fall of 4.4% in the number of Sugarcane Crushers worked by bullocks i.e.from 6819 to 6518. The total number of crushers worked by power as well as bullocks has however increased from ~~6,999~~ 6999 to ~~7,094~~ 7094 or by 1.3%. The large increase under this head is directly attributable to the very greatly increased acreage brought under sugarcane during the last quinquennium .

Pumps:- The total number of irrigation pumps worked by oil engines in 1935 was ~~as~~ 158. The number now returned is 192 showing an increase of 21.5%. Electric pumps for tube wells rose from 295 in 1935 ~~to~~ to 546,an increase of 85.1%.

Tractors. The number of tractors returned in 1935 was 62,this has increased to 250 in 1940 which means an increase of no less than 330.2%.

Revenue Commissioner.

Official Memorandum 112

Subject:-

Statements received from the Deputy Commissioners of Districts and the President, Municipal Commission, Civil and Military station, Bangalore showing the results of the Census of Agricultural stock held on the 31st January 1940.

The final reports from the Deputy Commissioners of Districts and the President, Municipal Commission, Civil & Military station, Bangalore were received on the several dates detailed Hereunder:-

Bangalore District	...	18th March 1940.
Civil & Military station-Municipality.	...	27th February 1940.
Kolar District.	.....	15th March 1940.
Tumkur "	...	11th March 1940.
Mysore "	...	14th March 1940.
Mandya.	...	10th February 1940.
Hassan.	...	15th February 1940.
Shimoga.	...	8th February 1940.
Kadur.	...	18th March 1940.
Chitaldrug	...	25th March 1940.

The accompanying statement shows the results of the Census for each District and for the Civil & Military station, Bangalore, as well as the total for the whole State.

In order to ensure uniformity with the Indian Provinces and States participating in the Census, and in order also that the all India figures may be presented in a complete form, the revised forms of enumeration and classification of livestock suggested by the Government of India have been adopted.

The scope of the present Census has been enlarged so as to include two new heads i.e. Poultry and Pigs. More detailed statistics have been obtained under "Cattle, Buffaloes, Sheep Goats, Horses and Ponies " and Donkeys".

Also, figures have been enumerated and consolidated separately for rural and urban areas in each District and for the Whole State.

The following table shows the number of livestock and agricultural machinery according to the present Census as compared with the previous Census of 1935, together with information as to the percentage of increase or decrease noticeable under each item:-

ITEMS.	No. during the Census of 1935.	No. during the Census of 1940.	Percentage of Increase (+) or decrease (-)
1. Bulls & Bullocks-	1,368,211	1,408,198.	+ 1.4
2. Cows-	1,570,852	1,648,679	+ 4.9
3. Male Buffaloes-	69,243	50,173	-27.6
4. Cow Buffaloes-	508,162	544,726	+ 7.2
5. Young stock (Cattle & Buffaloes-	672,384 (a)	1,265,156	+ 88.1
6. Sheep-	2,595,359	3,056,813	+ 17.7
7. Goats-	1,402,925.	~~1,724,810~~ 1,724,810	+ 22.9
8. Horses & Ponies-	17,159	13,060	- 23.2
9. Donkeys-	43,385	42,584	- 1.8
10. Camels-	26	17	-34.6
11. Pigs-	-	63,442	
12. Poultry- (a) Fowls-	-	3,231,205	
(b) Ducks-		10,043.	
13. Ploughs- (a) Wooden-	822,335	841,188	+ 2.2
(b) Iron-	23,016	31,282-	+ 35-8.
14. Carts-	267,404	287,809	+ 7.6
15. Sugarcane crushers:-			
a) Worked by Power.	180	576	+ 220.0
b) Worked by Bullocks-	6,819	6,518	- 4.4
16. Oil Engines with pumps for Irrigation purposes-	158.	192	+ 21.5.
17. Electric Pumps for tube wells-	295	546	+ 85.1
18. Tractors-	62	250	+ 330.2

The quinquennium under review was not remarkable for any wide-spread drought, disease or other factors, effecting cattle mortality. The campaign against contagious diseases carried on by the Civil Veterinary Department and the considerable improvement achieved in

the reporting of cattle diseases and in the submission of cattle mortality statements by the co-operation of the Veterinary and Revenue Departments have led to useful results and there has been a definite improvement in the quantity of livestock in the State.

Bulls & Buffalo Bullocks:- The total number returned under this head was 1,408,198 as again t 1,388,211 in 1935. There is an increase under this head by 1.4% .

Cows. The number of cows which stood at 1,570,852 in 1935 has increased to 1,648,679 in 1940 which means an increase of 4.9%

Buffaloes;- The number of male buffaloes, as compared with 1935 decreased by 36,564. There was a decrease of 27.6% in the former while there was an increase of 7.2 in the latter. This works out to a total net increase of 3% under buffaloes.

Young stock. Cattle & Buffaloes. The number rose from 672,384 in 1935 to 1,265,156 in 1940 resulting in an appreciable increase by 88.1%.

Sheep-Goats. have increased by 17.7% and 22.9% respectively as compared with 1935.

Horses & Ponies, Donkeys, Camels. - have as compared with 1935 decreased by 23.2%, 1.8% and 34.6% respectively. The mechanisation of the troops, increased use of mechanical traction and Government's policy of opening up the interior with more and better roads have presumably contributed to this decrease.

Ploughs. - There has been an increase under both wooden and iron ploughs, with the significant difference that whereas the increase under the former was only 2.2% the increase under the latter was no less than 35.8%.

Sugarcane Crushers The number of Sugarcane Crusher's worked by power has increased from 180 in 1935 to 576 during the present

115

present Census, an increase of ~~220.0~~ 220.0%. There has been during the same period a fall of 4.4% in the number of Sugarcane Crushers worked by bullocks i.e.from 6819 to 6518. The total number of crushers worked by power as well as bullocks has however increased from ~~6.999~~ 6999 to ~~7.094~~ 7094 or by 1.3%. The large increase under this head is directly attributable to the very greatly increased acreage brought under sugarcane during the last quinquennium.

Pumps:- The total number of irrigation pumps worked by oil engines in 1935 was ~~as~~ 158. The number now returned is 192 showing an increase of 21.5%. Electric pumps for tube wells rose from 295 in 1935 ~~to~~ to 546, an increase of 85.1%.

Tractors. The number of tractors returned in 1935 was 62, this has increased to 250 in 1940 which means an increase of no less than 330.2%.

From

Rukn-ul-Mulk
S. Abdul Wajid, Esqr., B.A.,
Revenue Commissioner in Mysore, Bangalore.

CHIEF SECRETARIAT
3 JUN 1941
GOVT. OF MYSORE.

Rajasevaprasakta
B. T. Kesavaiengar, Esqr., B.A.,
Chief Secretary to the Government of His
Highness the Maharaja of Mysore, Bangalore.

Sir,

In continuation of this office letter No.C.1117/39-40 dated 3-5-1941 I have the honour to enclose herewith a copy of my review on the results of the Census of Agricultural Stock in the State held in January 1940 duly revised as a result of the reverification of the figures under certain heads.

I have the honour to be,
Sir,
Your most obedient servant,

Revenue Commissioner.

HRC.

C.1117/39-40. Office of the Revenue Commissioner in Mysore,
Bangalore, dated 2nd June 1941

Official Memorandum.

Subject:--

Statements received from the Deputy Commissioners of Districts and the President, Municipal Commission, C.&M.Station, Bangalore showing the results of the Census of Agricultural Stock held on the 1st January 1940.

The final reports from the Deputy Commissioners of Districts and the President, Municipal Commission, C. & M.Station, Bangalore were received on the several dates detailed hereunder:--

Bangalore District	18-3-1940
C.&M.Station Municipality	27-2-1940
Kolar District	15-3-1940
Tumkur District	13-3-1940
Mysore District	14-3-1940
Mandya District	10-2-1940
Hassan District	15-3-1940
Shimoga District	8-2-1940
Kadur District	10-3-1940
Chitaldrug District	25-3-1940

The accompanying statement shows the results of the Census for each District and for the C. & M.Station, Bangalore as well as the total for the whole State.

In order to ensure uniformity with the Indian provinces and States participating in the Census and in order also that the all India figures may be presented in a complete form, the revised forms of enumeration and classification of live stock suggested by the Government of India have been adopted.

The scope of the present Census has been enlarged so as to include two new heads i.e., Poultry and Pigs. More detailed statistics have been obtained under "Cattle, Buffaloes, Sheep, Goats, Horses, Ponies and Donkeys". Also figures have been enumerated and consolidated, separately for rural and urban areas in each District and for the whole State.

The following table shows the number of live stock and agricultural machinery according to the present Census as compared with the previous Census of 1935, together with information as to the percentage of increase or decrease noticeable under each item:--

P.T.O.

119

Young stock (Cattle and Buffaloes):-- The number rose from 1227409 to 1265156 resulting in an increase by 3.1 per cent.

Sheep and Goats:-- Have increased by 17.7 per cent and 22.9 per cent respectively as compared with 1935.

Horses and Ponies,Donkeys,Camels:-- Have, as compared with 1935, decreased by 23.8%, 1.8% and 34.6% respectively. The mechanisation of the troops, increased use of mechanical traction and Government's policy of opening up the interior with more and better roads, have presumably contributed to the decrease.

Ploughs:-- There has been an increase under both wooden and iron ploughs, with the significant difference that whereas the increase under the former was only 2.4 per cent, the increase under the latter was no less than 36 per cent.

Sugarcane Crushers:-- The number of sugarcane crushers worked by power which was 180 in 1935 was only 31 in 1940. Evidently the number enumerated in 1935 must be a mistake and crushers worked by ~~buffaloes~~ bullocks might have been wrongly shown against The crushers worked by power. Crushers worked by bullocks increased from 6819 in 1935 to 6942 in 1940.

Pumps:-- The total number of irrigation pumps worked by oil engines in 1935 was 158. The number now returned is 197 showing an increase of 24.6% Electric pumps for tube wells rose from 295 in 1935 to 546, an increase of 85.1 per cent.

Tractors:-- The number of tractors returned in 1935 was 62 and the number now returned is 11. The present figure has been got verified and as such the figure returned during 1935 must be a mistake.

Sd.S.Abdul Wajid,
Revenue Commissioner.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

G. O. No. R. 8081-100—R. M. 51-38-33, dated 30th May 1941.

Ninth Quinquennial Census of Agricultural Stock, 1940.

Reviews the ——.

READ—

Government Order No. R. 3203-62—R. M. 51-38-7, dated the 22nd November 1939, directing that the Ninth Quinquennial Census of Agricultural Stock in the State be held on the 31st January 1940.

2. Letter No. C. 1117—39-40, dated the 22nd April 1940, from the Revenue Commissioner in Mysore, forwarding a copy of his review on the results of the Census together with a consolidated statement and the returns relating to the districts received from the Deputy Commissioners (*vide* Annexure).

3. Letter No. H. C. 951-2848—39-40, dated the 25th May 1940, from the Director of Agriculture in Mysore, offering his remarks on the Revenue Commissioner's review referred to above.

4. Correspondence ending with letter No. C. 1117—39-40, dated the 3rd May 1941, from the Revenue Commissioner in Mysore, in the matter.

ORDER No. R. 8081-100—R. M. 51-38-33, DATED BANGALORE, THE 30TH MAY 1941.

Recorded.

2. The Ninth Quinquennial Census of Agricultural Stock was taken on the 31st January 1940. The scope of the Census has been enlarged so as to obtain and include statistics of poultry and pigs and more detailed statistics under buffaloes, sheep, goats, horses and ponies, and donkeys.

3. The following table furnishes the total number of live-stock as well as agricultural machinery and implements according to the present Census as compared with the Census of 1935:—

Sl. No.	Items	Figures pertaining to the Census of 1935	Figures pertaining to the Census of 1940	Percentage of increase(+) or decrease(−)
1	Bulls and Bullocks ...	1,388,211	1,408,198	+ 1·4
2	Cows ...	1,570,852	1,648,679	+ 4·9
3	Male Buffaloes ...	69,243	50,173	−27·6
4	Cow Buffaloes ...	508,162	544,726	+ 7·2
5	Young Stock (Cattle and Buffaloes) ...	1,227,409	1,265,156	+ 3·1
6	Sheep ...	2,595,359	3,056,813	+17·7
7	Goats ...	1,402,925	1,724,810	+22·9
8	Horses and Ponies ...	17,159	13,060	−23·2
9	Mules. ...	138	153	+12·5
10	Donkeys ...	43,385	42,584	−1·8
11	Camels ...	26	17	−34·6
12	Pigs ...	...	63,412	...
13	Poultry: (a) Fowls ...	...	3,231,205	...
	(b) Ducks ...	...	10,043	...
14	Ploughs: (i) Wooden ...	822,335	842,238	+ 2·4
	(ii) Iron ...	23,016	31,313	+36·0
15	Carts ...	267,404	260,923	− 2·4
16	Pumps worked by oil engines for irrigation ...	158	197	+24·2
17	Electric pumps for tube-wells ...	295	546	+85·1
18	Sugarcane crushers:			
	(a) Worked by power ...	180	31	−82·1
	(b) Worked by bullocks ...	6,819	6,942	+ 1·8
19	Tractors ...	62	11	−82·3

4. The most noticeable feature is that there has been generally an improvement in the quantity of the Agricultural Live-Stock and this is attributed to the absence of any widespread drought, disease or other factors affecting cattle mortality on the one hand and to the preventive efforts adopted by the Veterinary Department to combat contagious diseases on the other.

5. The increase under bulls and bullocks, cows and buffaloes ranged from 1·4 per cent to 7·2 per cent, while it was 17·7 per cent under sheep and 22·9 per cent under goats. There was a decrease in the number of male buffaloes (27·6 per cent) and horses and ponies (23·2 per cent). The decrease in the number of male buffaloes is explained as being due to the disposal of the surplus stock by means of export and slaughter as it is not advantageous to the raiyats to keep these animals which are not made use of either for ploughing or for traction. The definite decrease in the number of horses and ponies is due to the increased use of mechanical traction.

6. It is gratifying to note that the number of ploughs, wooden as well as iron, shows an increase, the increase in the case of iron ploughs being 36·0 per cent. This is due apparently to the propaganda of the Agricultural Department. The sugarcane crushers and tractors show a decrease as compared with the figures of the previous quinquennium, but this seems more apparent than real as the figures furnished on the previous occasion were probably incorrect.

B. T. KESAVIENGAR,
Chief Secretary to Government.

Shimoga District	...	...	8th February 1940.
Kadur District	...	...	10th March 1940.
Chitaldrug District	...	...	25th March 1940.

The accompanying statement shows the results of the Census for each District and for the Civil and Military Station, Bangalore, as well as the total for the whole State.

In order to ensure uniformity with the Indian Provinces and States participating in the Census and in order also that the All-India figures may be presented in a complete form, the revised forms of enumeration and classification of live-stock suggested by the Government of India have been adopted.

The scope of the present Census has been enlarged so as to include two new heads, *i.e.*, Poultry and Pigs. More detailed statistics have been obtained under "Cattle, Buffaloes, Sheep, Goats, Horses, Ponies and Donkeys." Also figures have been enumerated and consolidated, separately for rural and urban areas in each district and for the whole State.

The following table shows the number of live-stock and agricultural machinery according to the present Census as compared with the previous Census of 1935, together with information as to the percentage of increase or decrease noticeable under each item:—

Item	Number during the Census of 1935	Number during the Census of 1940	Percentage of Increase (+) or Decrease (—)
1. Bulls and Bullocks.... ...	1,388,211	1,408,198	+1·4
2. Cows	1,570,852	1,648,679	+4·9
3. Male Buffaloes	69,243	50,173	—27·6
4. Cow Buffaloes ...	508,162	544,726	+7·2
5. Young stock (cattle and buffaloes) ..	1,227,409	1,265,156	+3·1
6. Sheep	2,595,359	3,056,813	+17·7
7. Goats	1,402,925	1,724,810	+22·9
8. Horses and Ponies	17,159	13,060	—23·8
9. Donkeys	43,385	42,584	—1·8
10. Camels ...	26	17	—34·6
11. Pigs	...	63,442	...
12. Poultry :—(a) Fowls ...	...	3,231,205	...
(b) Ducks ...	...	10,043	...
13. Ploughs :—(a) Wooden ...	822,335	842,238	+2·4
(b) Iron ...	23,016	31,313	+36·0
14. Carts	267,404	260,923	—2·4
15. Sugarcane Crushers :—			
(a) Worked by power ...	180	31	—82·8
(b) Worked by bullocks ...	6,819	6,942	+1·8
16. Oil engines with pumps for irrigation purposes.	158	197	+24·6
17. Electric pumps for tube wells ...	295	546	+85·1
18. Tractors	62	11	—82·2

The quinquennium under review was not remarkable for any widespread drought, disease or other factors affecting cattle mortality. The campaign against contagious diseases carried on by the Civil Veterinary Department and the considerable improvement achieved in the reporting of cattle diseases and in the submission of cattle mortality statements by the co-operation of the Veterinary and Revenue Departments have led to useful results and there has been a definite improvement in the number of the live-stock in the State.

Bulls and Bullocks.—The total number returned under this head was 1,408,198 as against 1,388,211 in 1935. There is an increase under this head by 1·4 per cent.

Cows.—The number of cows which stood at 1,570,852 in 1935 has increased to 1,648,679 in 194) which means an increase of 4·9 per cent.

Buffaloes.—The number of male buffaloes, as compared with 1935 decreased by 19,070 but the number of cow buffaloes increased by 36,564. There was a decrease of 27·6 per cent in the former, while there was an increase of 7·2 per cent in the latter. This works out to a total net increase of 3 per cent under buffaloes.

Young Stock (Cattle and Buffaloes).—The number rose from 1,227,409 to 1,265,156 resulting in an increase by 3·1 per cent.

Sheep and Goats.—There have increased by 17·7 per cent and 22·9 per cent, respectively, as compared with 1935.

Horses and Ponies, Donkeys and Camels.—These have, as compared with 1935, decreased by 23·8 per cent, 1·8 per cent and 34·6 per cent, respectively. The mechanisation of the troops, increased use of mechanical traction and Government's policy of opening up the interior with more and better roads, have presumably contributed to the decrease.

Ploughs. There has been an increase under both wooden and iron ploughs, with the significant difference that whereas the increase under the former was only 2·4 per cent, the increase under the latter was no less than 36 per cent.

Sugarcane Crushers.—The number of sugarcane crushers worked by power which was 180 in 1935 was only 31 in 1940. Evidently the number enumerated in 1935 must be a mistake and crushers worked by bullocks might have been wrongly shown against the crushers worked by power. Crushers worked by bullocks increased from 6,819 in 1935 to 6,942 in 1940.

Pumps.—The total number of irrigation pumps worked by oil engines in 1935 was 158. The number now returned is 197 showing an increase of 24·6 per cent. Electric pumps for tube wells rose from 295 in 1935 to 546, an increase of 85·1 per cent.

Tractors.—The number of tractors returned in 1935 was 62 and the number now returned is 11. The present figure has been got verified and as such the figure returned during 1935 must be a mistake.

S. ABDUL WAJID,
Revenue Commissioner.

MYSORE STATE.

DEPARTMENT OF COMMERCIAL INTELLIGENCE AND STATISTICS, INDIA.

Number of live-stok, poultry and agricultural machinery and impleements in each district in the Mysore State as ascertained by a census held in January 1940.
